

U.S. Patent Application No. 10/018,620  
AMENDMENT E

ATTORNEY DOCKET NO.: 3648.030

### **REMARKS**

Review and reconsideration of the Final Office Action dated December 13, 2005, is respectfully requested in view of the above amendments and the following remarks.

Applicants are pleased to see that the Examiner already indicated that Claims 53-70 are allowed.

Claims 28, 32, 34-47, and 49-52 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in an independent form to include the limitations of base claim 27 and any intervening claims.

In response, since the combination of claims 27 and 28 would be redundant in scope with claim 53, applicants simply cancel claims 27-45, and amend claims 46, 47 and 49 to 52 to ultimately depend from allowed claim 53, thereby placing the application in condition for allowance.

Applicants make one more amendment to the title and claims – namely, as set forth in paragraph [0005], the game is not limited to ice hockey, and could be e.g., roller hockey, and further the general reference to "hockey" throughout the specification. Thus, Applicants delete the term "ice" from the title and claims. It is respectfully submitted that the person of ordinary skill, reading the present specification, would not consider the present claims to be limited to ice hockey.
